

DISCOVER THE MYTH.

**b50**  
CINQUANTA

B50, the new generation. The sporty boat, completely open, is back, reinterpreted under the current technology. Aggressive and slender design that keeps intact the charm of the original model. Fascinating performance and sea holding. The entirely new ease of the cockpit, that adds to the appeal of the total open, the pleasure to have, through a simple gesture, shade and all the comforts at will.

*1983. Cantieri di Baia launched first B50.*
